Please include description and photos/website of your products and service. In your description indicate if your products or service is made/designed by you, 'Fair Trade' and/or has sustainable aspects. If more space is required, please attach information to your e-mail submission or on the back of this paper form if you mail it to us. *Definitions of booth type can be found in the greeting letter.*

NOTE This information and your website address will be used for a 'brief description' of your booth in the Festival's Program. Photos will be returned if you include a stamped addressed envelope. **Please, do not send product!**

If you are accepted as a vendor a space will be allotted to you. All Vendors must check in with the Vendor Coordinator or designate before entering site and setting up. All successful applicants will be notified no later than May 30th, 2010.

Vendors are required to provide flooring, their own power cords (minimum length of 200 ft.) Crafters needing part of a single circuit for lights (bring your own ext. cord), sump pump, hand wash sinks, hose, water, lighting, display tables, chairs, tent/canopy (which must be pegged to withstand inclement weather), and all other equipment.

The electric grid at the fair is limited, and electrical needs are an important consideration in the selection process. The festival is an eco-aware event, and requires vendors to participate in composting, recycling and other green programs.

Vendor Vehicle Policy

Over the past few years, we have had several close calls, wherein vendor vehicles have posed serious safety risks to fairgoers, especially children. In order to address this problem and reduce the risks of an accident, the following vendor vehicle policy will be implemented for South Country Fair #24, 2010.

Vendors may use vehicles to set up and stock booths until 3pm on Friday July 16th. After which, vehicles may be used to restock booths only between the hours of 5am and 7am. Otherwise, rickshaws or carts may be used for restocking purposes. Vendors may use vehicles to pack up their operations, on Sunday, one hour after the music and festivities on the main stage have come to an end. When not being used for restocking purposes, vendor vehicles are to be parked in the public fairgoer lot in the vicinity of the Main Gate.

- Vehicles that enter the grounds must not exceed a speed limit of 5km/hr (average walking speed)
- When reversing or parking your vehicle, you must have a spotter

Vendor Camping Policy

In order to better manage and secure the stage area, vendors are not allowed to camp within the stage area and, instead, will be asked to camp in the designated vendor camping area. Vendors with camping vehicles (trailers, motor homes, tent trailers, camping vans and campers) will be provided with complimentary vendor vehicle access pass. Vendors with special circumstances can apply to sleep in dual purpose trailers (business/rest). When applying for an exception please provide a detailed explanation as to the necessity of having a trailer. In the rare circumstance that an exception given it is understood that from the time the music ends until 7am, you are welcome to sleep in your trailer but you cannot hang out anywhere else in the mall area. No pets allowed. All South Country Fair rules apply to vendors as well.

Vendor Hours of Operation

In order to provide the opportunity to secure, clear and clean the stage area, on Friday and Saturday night, vendors must close their booths no later than 10 minutes after the music on the Main Stage has come to an end and may reopen no sooner than 8am the following morning.
